

OHSU HEALTH FINANCIAL ASSISTANCE POLICY – PLAIN LANGUAGE SUMMARY

Financial assistance

OHSU Health helps people who are unable to pay their medical bills. If you think you may have trouble paying for your health care, please talk with us. If you can, please ask for financial help **before** you get medical treatment.

Eligibility

Whether or not you qualify for financial assistance depends on many things. These include insurance coverage, household income, household size and where you live. See the Financial Assistance Policy for details.

Amount

For emergency care and medically necessary care, OHSU Health provides:

- Care at **no cost** if you have gross wages (before tax) below 300% of the Federal Poverty Level.
- A 65% discount if you have gross wages (before tax) between 300 and 400% of the Federal Poverty Level.

To find current Federal Poverty Levels, go to aspe.hhs.gov/poverty-guidelines,

How to apply

Any patient or an advocate (like a family member) can ask for financial assistance at any point before, during or after care. We will screen the patient or person responsible for the bill. They may need to fill out an application and verify their income with paystubs, income tax returns and bank records.

If you have questions, need help or would like an application or more information, contact:
